SERVICE AGREEMENT

This Service Agreement ('Agreement') is made and entered into on October 24, 2025 between Moises Sanchez ('Service Provider') and NouvaTech, Inc., represented by Victoria Thompson ('Client').

1. Project Scope
The Service Provider will provide full website development and deployment services for the Client. The total project fee is $1,500, which includes the complete design, development, deployment, and initial web hosting. The project will be completed within seven (7) business days, subject to timely delivery of required content, images, or other materials from the Client.

2. Review and Approval Process
A project review will take place on the 3rd business day, marking the halfway point. During this review, the Service Provider will send the Client a link to preview the website. The Client may review the demo and provide feedback or suggestions regarding fonts, colors, icons, or images. Once the Client approves the design direction and provides any requested updates, the Service Provider will continue development.

3. Payment Terms
The total payment of $1,500 will be made in two installments via Zelle: the first 50% payment is due after the initial project review (on the 3rd business day), and the final 50% payment is due upon completion and final approval of the project.

4. Revisions
The Client is entitled to three (3) revisions within the first six (6) months after project completion. Revisions are limited to small updates such as text changes, image replacements, or minor layout adjustments. Major redesigns or template changes are not included and will require a separate agreement.

5. Hosting and Domain
The project includes initial web hosting as part of the total fee. After the hosting or domain period expires, the Client is responsible for renewing both. ■ To be extra clear, the hosting and domain renewal costs after the initial period are not included in the $1,500 fee.

6. Liability
The Service Provider is not liable for any data loss, hacking, or downtime caused by third-party services or client misuse after project delivery.

7. Additional Services
Additional updates or maintenance beyond the included revisions can be provided under a separate maintenance plan or hourly rate.

8. Governing Law
This Agreement shall be governed by and construed in accordance with the laws of the State of California.

IN WITNESS WHEREOF, the parties have executed this Agreement as of the date written above.
